

DIELECTRICS TUTORIAL:

Date: 25th May 2017

Time: 9:00 am—12:00 pm

Venue: Bilik Seminar Tingkat 1, School of Electrical and Electronic Engineering, Engineering Campus, Universiti Sains Malaysia, Nibong Tebal, Penang

Topic

“Insulation Aging and Remaining Life of High Voltage Transformers”

By Prof Dr Suwarno (Institut Teknologi Bandung, Indonesia)

“How to see movement of electric charges in polymeric insulating materials”

By Prof Dr Masayuki Nagao (Toyohashi Institute of Technology, Japan)

Fees (inc. GST) :

Undergraduate student (free)

Postgraduate student (RM50)

Others (RM100)

BANK INFO

CIMB Bank Berhad

Account name : UNIVERSITI SAINS MALAYSIA

Account No. : 989863000200020

Charge can be seen?
Do you want to know how?
Let's join this workshop!

Organized by :

School of Electrical and Electronic
Engineering USM Penang

and

IEEE DEIS Malaysia Chapter
